

CAD I

Computer Aided Design with the 3DEXPERIENCE.

OBJECTIVES

- Gain knowledge to the design of 3D parts on the 3DEXPERIENCE.
- Be able to realize an assembly of parts.
- Be able to plan parts or assemblies.

CONTENTS

- 3D parts design.
- Product assembly and drawing.
- Collaborative design of a product.

APPLICATIONS

3D

3D Modeling apps

Related brands : CATIA, GEOVIA, SOLIDWORKS

Assembly Design

Part Design

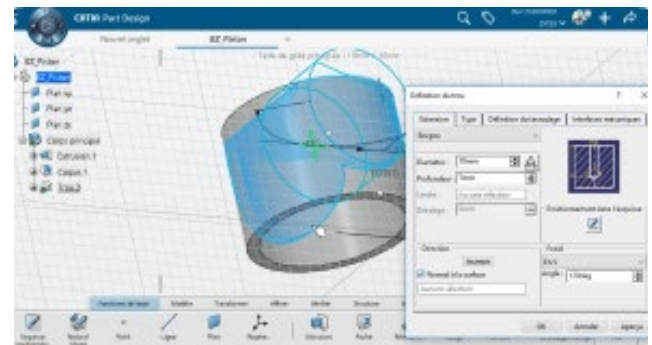

Drafting

PREREQUISITES

Notions in mechanical design.

AVAILABLE IN

English, Spanish and French.

DURATION
35H over
5 days

LOCATION
UFR MIM
3 rue Augustin Fresnel
57070 METZ
